

In an effort to help supply our neighbors with meats and provide people who would prefer not to go into a grocery.... and in an effort to keep as many of our employees working as possible, we have been smoking and vacuum sealing meats and we are selling them by the pound.

They are great for reheating for dinner this week or freezing them for a dinner in the future. We are also packaging our sides and other yummy things as well.

We plan to continue this until our community gets back on its feet and we can get back to our normal operations.

We have set up an ***outdoor distribution center*** in front of our Gainesville (Wegmans shopping center) store and we are open daily from 11-6.

A little about us, we are a local, family-owned BBQ restaurant established in 2011, we employ about 35 people locally and we have been voted the **Best BBQ Restaurant in NOVA for 7 Years in a row** by *Virginia Living Magazine*.

Thank you so much for your support!!!
